Paula Schmittziel,
Update of our call.

* MATOC contracting for Upper Animas Watershed.
USACE has not incorporated your comments yet.
Revise PWS, Evaluation Criteria and Contractor Personnel and Qualifications, revise IGE, send to contracting for RFP.

* VB/I-70 OU1
Sampling backfill tomorrow 103014.
CHC will complete the lead assessment at 3230 Franklin Street today 102914

* Eureka
1) Current IA POP is through 01/31/2015 (Amendment U was decrease of ARRA RR and DFC dated 26SEP14)
2) Sort out ARRA funding discrepancy with Jeff Marsala (USACE and Jeff have different amounts)
3) Bring IA funding down to just what will be available in the DCAA audits of CB&I 2 contracts. Armando (work post construction sites).

* QMP update
Tom Brooks, EPA QA getting IA page completed.
Milltown is not under this EPA-QMP Seattle district.

* IA and funding-de-ob issues
VB - after 3 houses.
1) Mary check - can quick closeout be used for CB&I's contract.
2) CB&I did addendum to final RA report end of 2013, but now incorporate work done in 2014 onto the same addendum report.
3) Database by end of year products from CB&I totally complete. (reconstruction of I-70 is prompting calls to EPA, City of Denver, State, etc. Can sampling info be placed on an EPA website?
